

I love the radio station K-LOVE.

I listen to it all over the country wherever I go.

It always plays uplifting music that displays family values that so many Americans believe in. It is strictly listener supported.

For this reason it is obvious to me it exists for the people and

paid for by the people. There are so many radio stations that play vulgar songs and speak in vulgar ways that I think many families

need a station that displays God's love and wisdom. Thanks for not taking away K-LOVE. I need it! It keeps me sane in an insane world.

God Bless America!!!!!!!!!!
